

# WHAT IS STREETPRINT® & STREETBOND™?

By imprinting patterns and colours, Streetprint® and StreetBond™ transform asphalt surfaces into decorative pavement to create striking residential and corporate roads, parkways, and crosswalks.

From the unique heating equipment to the specialised coatings, Streetprint® and Streetbond™ components are designed to work together to provide a superior surfacing system

They combine the flexibility and strength of the asphalt base with leading edge surfacing technologies to provide a cost effective, durable surface with low maintenance requirements,

The results are surfaces that feature superior colour stability, adhesion scrubability as well as chemical and abrasion resistant characteristics.

# PROPERTIES
